

Dear friends of **Eisen | Letunic**: As we do every few months, we are writing to share with you some of the recent news from our firm.

- The San Francisco County Transportation Authority commissioned us to help manage the update of the **San Francisco Transportation Plan** and write the plan document.
- As part of a team led by Nelson\Nygaard, we were selected by the newly formed Alameda County Transportation Commission to update the **Alameda Countywide Transportation Plan** and develop the next **transportation sales tax expenditure plan**.
- We helped the **East Bay Regional Park District** prepare a federal grant application for TIGER II funds to complete high-priority segments in the East Bay's regional trail network. The successful application resulted in \$10.2 million in funding for the agency.
- As part of a team led by ICF International, we were chosen by MTC to evaluate the effectiveness of the **Bay Area's Climate Initiatives Program**.
- As subs to Fehr & Peers, we were selected by the **West Contra Costa Transportation Advisory Committee** to conduct a study for enhancing transit use in West County.
- The **City/County Association of Governments of San Mateo County** hired us, as part of a team led by Alta Planning + Design, to develop the first San Mateo countywide bicycle and pedestrian plan.

As always, we thank you for your continued support.

— **Victoria Eisen and Niko Letunic** (victoria@ or niko@eisenletunic.com)
